This screen appears when you follow the link to NIA Magellan’s provider portal. Existing users may access the site via the green button. First-time users must complete required fields to create an account. Select the response that best describes your company [physician office that orders procedures; physician office that orders radiation cardiology procedures]. Select **Submit**.

The screenshot shows the NIA Magellan RadMD.com registration page. At the top left is the NIA Magellan logo, and at the top right are links for Login, Home, and Help. A dropdown menu asks 'Which of the following best describes your company?' with 'Physician's office that orders procedures' selected. A red warning message states: 'NIA does not permit a rendering provider to contractually accept delegation of responsibility for the complete authorization submission from the referring provider. NIA also does not permit a rendering provider to represent itself as a referring provider in order to obtain a complete authorization. These practices could implicate federal or state laws or terms and conditions of a provider contract or benefit plan. Therefore, NIA investigates all situations where this type of activity is suspected or reported. If NIA determines that a rendering provider is representing itself as a referring provider, that provider may be subject to termination from the NIA network.' The form is divided into two sections: 'New Account User Information' and 'Your Direct Report'. The 'New Account User Information' section includes fields for First Name, Last Name, Phone, Fax, Email, Confirm Email, Company Name, Job Title, Address Line 1, Address Line 2, City, State (dropdown), and Zip. The 'Your Direct Report' section includes fields for First Name, Last Name, Phone, and Email, with a note: 'The manager or supervisor responsible for terminating your access. This cannot be yourself.' A 'Submit' button is located at the bottom of the form. At the very bottom, there is a footer with the text: '© 1998-2017 Magellan Health, Inc. All Rights Reserved.'

A subsequent screen gives Menu Options and Account Information. Select a Request link to be routed to the appropriate service type:

Authorization Status

From the Patient Care menu choose Authorization Status. Complete the required information; make sure to enter the member ID exactly as it appears on the patient's insurance card, including the alpha prefix if applicable. Select Continue.

At the top, there is a navigation bar with links: Home, Patient Care, Office Management, Resources, Modify Profile, Profile Administration, and Staff Directory. Below the navigation bar, a welcome message reads 'Welcome, YOUR NAME of YOUR PRACTICE/FACILITY' with a '(Log Out)' link and a 'Go to Message Center' link. The main heading is 'Authorization Status' with a 'Printer-Friendly' icon. A red asterisk indicates required fields. The form includes a 'Patient Selection' section with a note: 'Please note: The Health Plan you choose must have your National Provider Identifier (NPI) registered on file, as well as those of any providers you choose in the pre-certification or referral process. We will display behavioral health authorizations only to the rendering provider.' The form fields are: 'Health Plan' (dropdown menu with '--Please Choose One--'), 'Member ID' (text input with a note 'Include alpha prefix, if applicable'), 'Patient's Date of Birth' (text input with a note 'mm/dd/yyyy'), and 'Location' (dropdown menu with a 'Select' button). A 'Primary ID' field is also present. A 'Continue' button is at the bottom left.

The Authorization Status screen displays next. You can narrow the Partial Authorization Status List according to search by All Available Dates, Specific Beginning Date or Date Range, then Update Results. The 'Update Results' button is highlighted. Below the search section, a note states: 'Our records show these authorizations for the period you chose:'. The 'Partial Authorization Status List' is displayed with columns: Authorization Number, Status, Authorization Period, Healthcare Provider, and Place of Service. The list shows 8 results, with the first 7 being 'APPROVED' and the last one being 'PENDING'. The 'View Authorization' link is highlighted for the pending record. Troubleshooting Tips – Patient Care Functions

- If you get a “not covered” response with an eligibility end date of 12/31/999, this means a member’s dependent has been termed on an active policy. If you get a “covered” response with an eligibility end date of 12/31/9999, this means the patient (subscriber or dependent) is active.
- You cannot view dental eligibility and benefits for FEP BlueDental or out-of-state members.
- The dental code entered on the Eligibility and Benefits by Procedure Code inquiry may not be the procedure code returned on the eligibility response. The procedure code on the eligibility response is the code we will use to process the claim for this service. For example, when D2740 is entered the eligibility response will display details for D2751. An explanation for the code substitution is given.
- If you’ve reviewed your claim entry and continue to get an error message that states missing information is required, be sure an additional claim line field has not been expanded. For example, if you clicked the show/hide link for Drug Identification when you entered Claim Line Information but did not have prescription drug information to add, the claim will not submit without this information or without collapsing this option.
