Pharmacy Formulary Change Notice

Healthy Blue is here to help you stay on top of your health care. We want to tell you about some upcoming changes to your Preferred Drug List (PDL) as of October 24, 2021.

Your PDL is a list of preferred drugs covered by Healthy Blue. A group of doctors and pharmacists check the PDL to make sure the drugs you're taking are safe and effective.

Effective for all members on October 24, 2021	
Medication	Changes
IVERMECTIN 3MG TABLETS	ADD PRIOR AUTHORIZATION AND QTY LIMIT QTY LIMIT: 9 TABLETS PER FILL; 1 FILL PER 90 DAYS

What does this mean for you?

Some medications you take may no longer be preferred. You'll need approval from us to continue to get these medications.

What should I do if I use a nonpreferred drug?

Talk with your doctor to see if you can change to the new preferred drug. If your doctor says you can take the new preferred drug, ask him or her to write a new prescription for you. You and your doctor have the final say in your care.

Things to remember:

- This doesn't change which pharmacy you go to or where you get your care.
- If your doctor writes a prescription for or says you need to keep using a nonpreferred drug, he or she will need to get approval from Healthy Blue first by calling 1-866-781-5094 (TTY 1-866-773-9634).

Your health is important to us — that's why we have our experienced team of doctors and pharmacists regularly review this list to keep you safe and healthy.
