The formulary changes listed in the table below were reviewed and approved at the fourth quarter 2022 Pharmacy and Therapeutics Committee meeting.

### What this means to me:

- Effective February 1, 2023, preferred formulary changes will apply.
- This notice applies to Healthy Blue.

Effective for all members no later than February 1, 2023			
Therapeutic class	Medication	Formulary status change	Potential alternatives (preferred products)
CYTOKINE AND CAM ANTAGONISTS AND RELATED AGENTS	AMJEVITA INJECTION	PREFERRED WITH PA	N/A
IMMUNOSUPPRESSIVE AGENTS	ENSPRYNG INJECTION UPLIZNA INJECTION	PREFERRED WITH PA	N/A

### What action do I need to take?

Please review these changes and work with your Healthy Blue patients to transition them to formulary alternatives. If you determine preferred formulary alternatives are not clinically appropriate for specific patients, you will need to obtain prior authorization to continue coverage beyond the applicable effective date.

### What if I need assistance?

We recognize the unique aspects of patients' cases. If for medical reasons your Healthy Blue patient cannot be converted to a formulary alternative, call our Pharmacy department at **866-902-1689** and follow the voice prompts for pharmacy prior authorization.
